

COMPANY PROFILE

RPL is a well established UK company who have for over 15 years supplied and installed Radio and Television stations in Europe, Africa and Asia. We have also worked for many years in Ghana and last year alone supplied over 20 radio studios fully wired and installed in locations across the whole of the country.

Our many years experience will enable us to bring both analogue and digital equipment to your next project.

We are a main dealer for most brand name broadcast products and can assemble complete packages to suit your audio and video requirements. We also specialise in transmission equipment including radio links and antenna systems.

We work in West Africa on a regular basis and would be pleased to meet with you and to discuss your requirements either here or in England.

My contact details are shown below so please do not hesitate to directly contact me or my office for your next project. We look forward to establishing a long term relationship.

Yours sincerely

Roy Parsons
Managing Director
